The Group Delivery Day is the default day of the week new posts are shared with all members of the Group The Group Delivery Day can be changed by any Group Admin. You cannot get deliveries on multiple days of the week. On your delivery day you will be able to see new posts immediately from midnight that day until 11:59pm that day. After that, you will be able to see all posts that were shared before 11:59pm. All times are in your local timezone

#### **Rejecting Deliveries**

On your 'Delivery Day' you can reject deliveries. If you reject a delivery you will not be able to see any of the posts that correspond to this delivery date. If you want to see this post again, the post owner will have to repost it and then you will have to not reject it on the next delivery day. You can reject posts from Groups or individuals. If you reject posts from individuals, you reject their posts in all Groups.
